132	<b>MAUSER C96 CONE-HAMMER S/A PISTOL WITH WOODEN SHOULDER STOCK: 7.63MM</b> ; This is a very early commercial Mauser C96 'Broomhandle' made c1896. Only about 14,000 guns were made with early features, including a cone shaped hammer that gave the gun its nickname. These were comparable to light carbines and could function as such when fitted with its detachable shoulder stock. These were popular with British officers including Winston Churchill, and one was used by him at the battle of Omdurman. This particular gun is original with plenty of bluing remaining. It is all matching and includes very nice original grips. The bore shows some wear but it's bright and clean. The shoulder stock has a lovely patina as well as two small cracks, one on either side near the top. This is lovely example in VG condition and working order. #3427. 176	<b>SIAMESE CONTRACT BSA SMLE NO.1 MK3* B/A RIFLE: 303BRITISH;</b> 25.2 inch barrel with a good bore. This example is one of 10,000 built for Siam's Wild Tiger Corps in 1920 by Birmingham Small Arms. The Butt socket is marked to the Wild Tiger Corps and "Mark Rama V1 BE 2462" the Buddhist year of 1919 and the King's chosen name. These were commercial rifles without British military stamps. This one is in good overall condition with good-very good original woods. Metal finish shows some wear which is to be expected. The receiver and barrel have matching Siamese numbers but the bolt does not. Lower band swivel is missing as is the inner band screw. This rifle would grade up with a bit of attention. #9517. Licence Required.	\$ 700	\$ 900
177	<b>SAVAGE NO.4 MK1* B/A RIFLE: 303BRITISH;</b> 25.2 inch barrel with 2-groove bore coated in factory preservative. Matching bolt and receiver. Magazine is numbered but does not match. Stock is in very good condition with only a few minor dents and scuff marks. Metal finish shows no wear. I doubt this has seen any use at all. Overall in very good-excellent condition and working order. A fine example of a virtually unused Savage no.4 rifle. #99517 as registered but original serial numbers on the rifle are 35C7297. 178	<b>RARE SCHMIDT RUBIN K31/42 B/A SNIPER RIFLE: 7.5MM;</b> Designed to provide a useful sniper rifle with optics, the K31/42 and K31/43 proved unsuccessful. Only a couple of thousand were produced and they were replaced by the ZfK-55. The K31/42 and K31/43 are notable for their unique design features, such as periscopic optics permanently mounted to the side of the receiver. This 6-shot K31/42 has a fixed offset 1.8 power scope with very good optics. The 25.5 inch barrel has an excellent bore. The metal finish shows some light wear but is very good overall. The timber stock is in very good condition with very few bruises. Comes with a period leather sling. A very fine and rare rifle. #450343. Licence Required.	\$ 5,000	\$ 7,000
179	<b>MARLIN GOLDEN-39A L/A RIFLE: 22RIMFIRE;</b> 19-shot, this model was introduced in 1939 with its signature cross-hammer safety and golden trigger and went on to be one of the best selling lever actions in US history. This rifle is in excellent condition and appears to have seen little use. It has two small handling marks on the RHS of the butt and some loss of bluing on the RHS of the receiver, otherwise it is like new. 24 inch barrel with excellent bore. Features a nicely checkered pistol grip and fore end. An excellent rifle. #94300478. Licence Required.	\$ 500	\$ 700
180	<b>SPRINGFIELD MODEL.1903 B/A RIFLE: 30-06SPRG;</b> Excellent example with a WW2 replacement 'scant' stock in VGC with only one significant dent near the lower band on the LHS. The bore looks very good. His rifle was manufactured in 1914 and the metal work shows some wear and loss of bluing. 5-shot internal magazine. In VGC and working order. #571723. Licence Required.	\$ 1,100	\$ 1,400
181	<b>WINCHESTER P14 B/A SNIPER RIFLE &amp; MODEL 1918 SCOPE: 303BRIT;</b> Very nice rifle with 'D with broad arrow' on the RHS of the butt and on the LHS of the receiver under the front scope mount indicating Australian Army ownership prior to 1926. The bore is excellent. Minor wear to metal parts with most loss of finish on the front scope mount. Bolt and receiver are matching. Rear sight has the fine adjustment screw. Front volley sight pointer has been removed as well as the rear volley sight. This was part of the conversion to a Sniper rifle. The walnut stock is in very good condition with only minor handling marks. It features a clear Winchester P14 cartouche and stamps. The Periscopic Prism Co. Ltd telescopic sight is in good condition and has very good optics. It has its leather cover too. The scope number does not match the rifle nor does the number on the early canvas case match either the scope or rifle. The case is in fair condition. Overall a very collectible package. #198766. Licence Required.	\$ 7,000	\$ 9,000
182	<b>ENFIELD LE1* B/A RIFLE: 303BRIT;</b> 'Long tom' fitted with a 30.2 inch Lithgow 'H' marked barrel with a very good bore. Non-matching bolt and overall good walnut stock with the usual service acquired small dings and scratches. Complete with front volley sight but missing the rear volley aperture. 183	<b>VERY RARE .297/230 MORRIS CONVERSION TUBE FOR LEE METFORD OR LONG LEE RIFLE;</b> a very rare Morris Tube in 297/230 calibre. It is in good-very good condition with bright, clear rifling. An unusual and rare offering. Licence Required.	\$ 500	\$ 700
184	<b>MODEL 1888 COMMISSION/GEWEHR 88 B/A RIFLE: 7.92CAL;</b> Made at the Erfurt arsenal in 1890, this rifle appears to be in good condition overall with typical small dings on the woodwork. The cleaning rod is present. Metal work is good with most bluing remaining on the barrel sleeve and the bore is clean without pitting. The production run began in 1888 through 1899. This gun is an antique, proofed for black powder. Bolt not matching. Complete with leather sling. #2617. No Licence Required.	\$ 650	\$ 800
185	<b>RARE LITHGOW NO.6 MK 1 EXPERIMENTAL B/A RIFLE: 303BRIT;</b> This is one of around 100 trials rifles with the conventional bed backsight and sheet steel protector wings. The 20.5 inch barrel has a very good bore. The coachwood stock shows some small handling marks. According to Ian Skennerton's Lee Enfield book this rifle should have a butt with a rubber buttplate but it has the standard butt ascribed to serial numbers XP101-XP149. This butt is identical and similarly stamped MA over 3/45. After the war the wrist has been checkered to personalise the rifle. These have always been rare and this one is in very good working order and good condition. Bolt and receiver are matching. #XP153. Licence Required.	\$ 8,000	\$ 10,000
186	<b>1941 LITHGOW NO.1 MKIII* B/A RIFLE: 303BRIT; 10-shot magazine,</b> 25.2 inch 1942 dated barrel is marked as a replacement and is in VG condition. Bolt, receiver, barrel and nose cap are all matching numbers. Oddly, the noscap has had the muzzle enlarged and a rubber grommet fitted as per a typical target rifle but this was usually done for a heavy barrel, not a standard light barrel as on this rifle. Good coachwood furniture with typical small handling marks. The fore-end has been replaced. A repair to the drawers is indicated. Butt markings show this rifle was completed in 1942. Overall in good condition and VG working order. #C23408. Licence Required.	\$ 600	\$ 800
187	<b>1943 LONGBRANCH NO.4 MKI* B/A RIFLE: 303BRIT;</b> 25.2 inch barrel in VG condition. Good metal finish with only minor wear. Very good walnut stock with only a couple of small bruises and a small divot near the safety catch where it looks like a target sight plate was fitted. This is a very good example in VG working order. Mk 1 Singer type sight fitted. 10-shot magazine is numbered to a Savage No.4 rifle. #50L7732. Licence Required.	\$ 700	\$ 900
188	<b>RARE TRIALS (1 OF 102) 1945 ENFIELD NO.5 TRAINER B/A RIFLE: 22RIMFIRE;</b> This Trials Model (or prototype) resulted in the .22 No.8 rifle. A No.4 butt was fitted instead of a No.5 and the wrist checkered. The fore end was shortened to 18.5 inches and the handguard grooved as on many of the earlier No.4 rifles. The trigger is mounted onto the action as opposed to the trigger guard. the magazine is a converted No.1 with a new floorplate riveted inside. There is provision for a small box magazine (missing) to be inserted from the top. The front sight is a Parker Hale FS 22 Globe fore sight with a plain post element. The rear sight is a prototype Service Aperture Backsight Mk.I, which became standard on the No.8 rifle. It is fitted with a Lightweight 6-hole Parker Hale eyepiece. the rifle is in good condition and very good working order and the bore of the 19 inch barrel is very good. Bolt and receiver are matching. To say these rifles are rare is an understatement. #TI0049. Licence Required.	\$ 5,000	\$ 7,000
189	<b>SCHMIDT RUBIN MODEL.1889 B/A RIFLE: 7.5MMSWISS; Straight-Pull rifle with 10-shot box magazine;</b> 30.5 inch barrel with exc. bore & crisp rifling, good blued finish to metalwork with a lovely patina overall, matching magazine & bolt, sling swivels to barrel band & underside of stock. Woodwork presents very well with some surface handling marks & dings, matching steel buttplate. Overall in VGC and working order. A very nice example. #26966. Licence Required.	\$ 1,000	\$ 1,200
190	<b>SIAMESE MAUSER RS 121 TYPE 46 B/A RIFLE: 8MM;</b> These rifle were made by the Koishikawa Arsenal in Tokyo for King Rama V of Siam. Introduced in the early 1900s they soldiered on with modifications until the 1950s. This rifle is 49 inches long overall with good metal work and a VG bore. The stock has been refinished and there is a large repair at the toe of the butt. The Siamese Chakra and characters on the receiver refer to this as a RS 121 with a serial number of 14734 (translated to English). It is	\$ 700	\$ 1,000

191	<b>LEE ENFIELD NO.4 MK2 B/A RIFLE: 303BRIT;</b> This rifle appears to be in unfired condition. All matching numbers including bolt, receiver, fore end and magazine. Made at the Fazakerley Royal Ordnance Factory in Liverpool in 1955 which was the last year of production. The bore is excellent as is the condition of the entire rifle. Only a couple of small bruises are discernible on the Beech furniture, the largest near the pistol grip on the LHS of the butt. This is an immaculate rifle overall. #UF55A12382. Licence Required.	\$ 1,500	\$ 2,000
192	<b>1893 LEE METFORD MK 1* B/A RIFLE: 303BRIT;</b> Enfield made rifle with some wear to metal parts and a non-matching bolt. The bore of the 30.25 inch barrel is poor. The walnut furniture is good with a nice lustre but not without the usual scratches and dings associated with service wear. the butt cartouche is for a Sparkbrook Royal Small Arms Repair in 1900. The fore arm is not machined for a cleaning/clearing rod as these were abolished in 1899. Complete with its correct volley sights and a steel Mk1 sight protector. Overall in GWO and condition. #1681. Licence Required.	\$ 1,200	\$ 1,500
193	<b>EXTREMELY RARE 1939 GERMAN LUFTWAFFE STAMPED STEYR G29(0) B/A RIFLE: 8MM;</b> Also known as the Gewehr 12/34, only 50,000 of these modified 1934 Chilean pattern carbines were made by Steyr (under German control) from mid 1938 to late 1939. The 23.25 inch barrel has a good clean bore whilst the external metal finish shows typical service wear. The walnut stock is in good shape overall with some scratches and bruises. Bolt is not matching as these rifles were bring-backs and were separated from their original bolts upon surrender. This particular rifle was built in 1939 and it has that and 660 (Steyr) stamps on the receiver. The rifle has profuse Waffenamts on the butt and receiver. The butt has a specific L-marked Waffenamt indicating manufacture for the Luftwaffe. Complete with original sling and cleaning rod. A very rare and desirable rifle for your collection. In GWO and condition. #2305B. Licence Required.	\$ 3,000	\$ 4,000
194	<b>BIRMINGHAM SMALL ARMS LE1* TRAINER RIFLE: 22RIMFIRE;</b> 1902 dated 'long tom' converted to a .22 trainer with a shortened (to 25.2 inches) and sleeved 1932 dated Lithgow .303 barrel. Queensland Maple fore end appears to be custom made. It's in good condition with few bruises. Butt stock is original and in good condition although the makers cartouche and other marks have been removed. An early A. G. Parker No.5 aperture rear sight with tubular eyepiece is fitted. None of the screws appear to be frozen. And it appears to in good condition overall. A magazine case without follower is fitted to catch empties. Bolt is non-matching and modified to suit. the barrel is in VGC. #B43412. Licence Required.	\$ 400	\$ 600
195	<b>LITHGOW NO1 MKIII B/A SHOTGUN :410GAUGE;</b> Typical 1942 Lithgow .303 SMLE converted by the Indian rifle factory at Ishapore to a .410 single shot shotgun in 1949. The bore is very good and the barrel is of Indian manufacture. Woodwork is in good condition overall. The butt has an Indian Army ownership stamp and the fore arm has a typical 'Ishy' transverse screw. Bolt, receiver and nosecap are numbered alike although the nose cap doesn't have the letter prefix. This rifle features a nicely made wooden magazine insert to assist loading. Rear sight leaf slide has been pinned into position at roughly 300yds. All in all this gun is in GWO and good condition. #E16945. Licence Required.	\$ 400	\$ 500
196	<b>FAZAKERLEY NO.4 MK1 .22 CONV B/A RIFLE: 22RIMFIRE;</b> 1943 made and FTR'd (Factory thorough Conversion) in 1949. Subsequently it was fitted with a "Parker-rifled" .22 tube and .22 bolt head. The bore is good. The timber is also good but with the typical handling marks indicative of military usage. Certainly there a few nasty dings on the butt stock. the finish on metal parts shows wear but it is not excessive. The bolt has been renumbered to suit the receiver and the magazine (case only with no .22 stamp) number is matching. All in all a good rifle. Note the rear Singer type sight is the original .303 version. #Y5960. Licence Required.	\$ 700	\$ 800
197	<b>BIRMINGHAM SMALL ARMS LE1* B/A RIFLE: 303BRIT;</b> Nice example marred to a degree by some nasty scratches on the butt, otherwise the furniture is good. This was an Australian Commonwealth military issue rifle as per the butt markings A C 4953 '02	\$ 600	\$ 700

	issue date. subsequently The famous Fultons of Bisley fame (G. E. Fulton Staines) is engraved on the bolt cover which may not be original to this rifle. Later it had its original barrel replaced with a 'MOTTY' target barrel by famous rifleman and gunsmith Harry Motton of Sydney. Rifle retains its front volley sight, magazine cut-off and magazine link and loop. In place of the rear volley aperture a BSA No.9G orthoptic sight has been fitted. This sight is in poor condition. Bore is fair and the 30.2 inch barrel shows wear to the top from the lower band to the upper band with considerable loss of its finish. Overall it's in fair-good condition. #A24649. Licence Required.		
198	<b>SWEDISH CARL GUSTAV M41/B SNIPER B/A RIFLE: 6.5X55MM;</b> Made as a M96 rifle in 1900 and converted to a sniper rifle during WW2, fitted with a German Ajack scope and Jackenroll base and mount. Generally reckoned to be one of the finest sniper rifles of that period, they were upgraded in 1955 with a more sophisticated rear sight and a set screw to stop the mount from moving forward under recoil. This example is in good-very good condition overall but does show wear and tear consistent with service use. Scope optics are clear and markings are AJACK 4 X 90 and Nr0296/1941B. Bolt, receiver and scope mounts are matching. The bore is good. Rifle is complete with leather sling and scope caps, cleaning rod and front sight protector. A good package. #6568. 201	<b>1944 LONG BRANCH NO.4 MK1* B/A SNIPER RIFLE W/TRANSIT CHEST: 303BRIT;</b> Very nice Canadian Sniper rifle with very early (1941) English W. Watson No.32 Mk 1 scope with sun shade and English Rose Brothers (JG) mounts. The rifle has a scope number on the wrist which does not match the scope. The mounts have a serial number that does not match this rifle, which is in excellent condition with very good furniture (only a few small bruises) and appears to have fired very few - if any - rounds. Metal finish is very good with negligible wear. The scope is in good-VG condition. The rifle has a correct broad arrow-marked t/guard swivel, correct modified Long Branch Mk 1 rear sight and cheek piece. The transit chest contains the remains of a carry strap and is in good original condition. Overall this package is in good-VG condition. #7IL0283. Licence Required.	\$ 6,000	\$ 7,000

208	<b>ORIGINAL 1941 LEE ENFIELD NO.4T SNIPER NO.32 MK 1 SCOPE &amp; LEATHER CAPS;</b> This is a very early 1941 No. 32 Mk1 scope serial No. 1249 in fair-good condition with rare sliding sun shade (soon dispensed with) and non-original scope bracket. No attempt has been made to check the adjustment dials and both range and windage markings are worn. The optics are intact but need a clean. Its original leather scope caps are included. W. Watson and Son manufactured about 2000 No.32 Mk 1 scopes in the serial number range 1000-2999. A rare item.	\$ 1,400	\$ 1,800
209	<b>1X BRITISH NO.42 MK.1 &amp; 1X NO.53 MK.1 SCOPES;</b> From a family of British Telescopic sights which includes the No. 32 for the Lee Enfield No 4T sniper rifle. It appears that both these sights were intended for artillery pieces. The Recoilless Rifle is one suggestion but there is no official record at all. The reticule of the No. 53 consists of 4 crosshairs (worn) with a central gap. The reticule of the No. 42 is a simple crosshair (good). The No. 53 was tried as a sniper scope with a unique mount including windage and elevation options as the scope has no turrets. It was not adopted. These come in handy for spare parts for your No. 32 scope. The No. 53 was made by WRP. The No.42 by HBM Co. Both are in fair-good condition.	\$ 400	\$ 600

256	<b>VERY FINE WILLIAM POWELL &amp; SON PIGEON GUN: 12GAUGE;</b> Superb ejector side-by-side Pigeon gun made by renowned Birmingham gunmaker William Powell & Son in 1958. Approx. 30-inch barrels with excellent bores. Beautiful checkered walnut furniture with 'London' oiled finish and case hardened locks. Auto safety and Anson & Deeley ejector. All metal work is superbly engraved. This gun is in excellent, original WO and condition. Brass escutcheon on the butt has the original owner's initials "DWC" (Donald Wilbur Close). This may have been done by the importer and retailer Evans & Balfour in Melbourne after it was purchase from them by Mr Close in 1964. William Powell pigeon guns were purpose built for live pigeon shooting competitions and recommended by the famous Australian 1900 Olympic gold medal winner Donald Mackintosh. They featured tighter chokes and heavier barrels. This is an exceptional gun held in single family ownership from 1964 until 2025. Comes with verified provenance. #15210. Licence Required.	\$ 2,000	\$ 2,500

260	<b>ADLER A110 L/A SHOTGUN: 12GAUGE;</b> Externally this 4-shot lever-action shotgun presents as-new. Exterior woodwork and metal finish is excellent. It looks unfired but the barrel and bolt face say otherwise. The bore of the 510mm barrel would rate excellent if it wasn't for the small area of surface rust ahead of the chamber. Similarly	\$ 400	\$ 600

	the bolt face has some light surface rust. A small plastic case containing three chokes is included. Were it not for its minor rust issues I would rate this gun as excellent. #15-04509. Licence Required.		
261	<b>LIEGE UNITED ARMS Co S x S SMALL BORE SHOTGUN: .410GA;</b> 2 1/2-inch chambered, 30-inch barrels with VG bores and lovely dark blued exteriors. Nicely engraved action is tight, the springs are strong and the walnut stock and splinter forend are in good condition with some light handling marks. In good condition overall. A really nice example. #2990. Licence Required.	\$ 200	\$ 300
262	<b>G &amp; S HOLLOWAY FIELD SHOTGUN: 12GAUGE;</b> Very nice side by side hammer gun with a lovely patina from years of good care. Both 30-inch barrels have VG bores, the metal work is nicely engraved and retains about 45 per cent of its original finish. The cross-bolt action is tight and the springs strong. The checkered walnut stock is still good but shows small marks consistent with use and age. This is a good quality Birmingham-made gun with plenty of life left in it. #13950. Licence Required.	\$ 200	\$ 300
263	<b>W. W. GREENER FIELD SxS SHOTGUN: 12G;</b> 30 inch Damascus barrels with very good bores; tight on the face; excellent patina to barrels; tapered engraved rib marked PATENT TREBLE WEDGE FAST, W.W. GREENER, 68 HAYMARKET LONDON, WINNER AT THE LONDON GUN TRIALS, 1875, 1877, 1878 & 1879. Beautifully engraved action with a silver grey finish; very good stock with a chequered pistol grip wrist & fore-end. A couple of very small bruises on the butt do no detract from this wonderful gun. Finely engraved Deeley fore-end, few small chips to butt pad. Overall in very good w/o and condition. Made late 1880s. #33067. Licence Required.	\$ 1,800	\$ 2,500
263a	<b>FINE HOLLOWAY &amp; NAUGHTON D/B SHOTGUN: 12GA;</b> This excellent 'goose' gun was made expressly for 'Sil Rohu Sydney'. Sylvester Edwin Rohu was an ex-WW1 digger and an entrepreneur who opened a gun shop (Sil Rohu - House of Quality) in Sydney in the early 30s. Prior to WW2 Holloway and Naughton made around 90,000 firearms many of which went to the USA, India and Australia. Alas in WW2 their factory in Birmingham was bombed and completely destroyed. This is an excellent example of their work with a lovely, checkered walnut stock, beautifully engraved action and trigger guard and rare 36-inch barrels with excellent bores and 3-inch chambers. The lovely checkered stock has a few tiny handling marks and the barrels are almost unmarked. This is a fine gun with a notable Australian connection. #S2832. Licence Required.	\$ 700	\$ 1,000
264	<b>BERETTA 626E DOUBLE BARREL SHOTGUN: 12GAUGE,</b> Side by side 29.5" barrels in vg+ condition, single trigger, excellent stock with a few very minor bruises, bluing and finishes intact. An excellent gun. #A33890A Licence Required	\$ 1,800	\$ 2,200
264a	<b>WESTLEY RICHARDS 'THE FEDERAL' D/B SHOTGUN: 12GAUGE;</b> This is a superb side-by-side shotgun with a hammerless Anson & Deeley action with ejector. It features double triggers, 30 7/8-inch deeply blued barrels and the action has a beautiful case hardened finish. The excellent, checkered walnut stock exhibits a plain un-engraved stock oval and a finely checkered buttplate. The bores are in impeccable condition. This gun presents as new and unfired. #T5387. Licence Required.	\$ 3,500	\$ 4,500
265	<b>BERETTA 686 SILVER PIGEON I O/U SHOTGUN: 12GAUGE;</b> 762mm (30") over/under double barrel; dirty bore; 12g with 3" chambers; excellent blued barrel marred by three small scratches LHS of lower barrel; excellent stainless finish to receiver with engraving; VG forend and stock, original finish slightly worn with a few small dings; gold trigger finish shows wear; very tight action, GWO; comes in original plastic case with 5 chokes; overall exc condition; S/N U24355S. L/R.	\$ 1,400	\$ 1,800
265a	<b>BEST QUALITY WILLIAM POWELL D/B SHOTGUN: 12GAUGE;</b> This gun was made in 1953 for an Australian client and subsequently acquired by a Victorian grazier c1979. It is a best quality 'Pigeon & Duck' model with sidelock ejector, 30-inch Whitworth fluid pressed steel barrels - both with full chokes, chambered for 3-inch cartridges, level engine turned rib, side clips, fully engraved, handsome dark stock fitted a rubber butt pad. The bores are still very good but do show a little wear towards the muzzles. The buttstock shows some light wear on the RHS oiled finish although the wood furniture itself is almost flawless. This superb gun is in excellent condition overall and comes in	\$ 14,000	\$ 18,000

	a Charles Boswell gun case with cleaning tools and two plated steel snap caps. Letter of provenance included. #15008. Licence Required.		
266	<b>BRNO SPECIAL POLDI ELEKTRO DB SHOTGUN: 12GAUGE;</b> 720mm (approx. 28.25") barrels in excellent condition. Full choke and modified. Walnut stock in vgc with some minor handling and storage marks. Original blued finish is as new. This gun has fired very few rounds and is in excellent condition and working order. Probably made in the 1970s. #1-004419-74. Licence Required.	\$ 300	\$ 500
266a	<b>CASED CHARLES BOSWELL FIELD/B SHOTGUN: 12GAUGE;</b> English-made Charles Boswell 'Field' side-by-side shotgun manufactured in the early 1920s. Finely engraved boxlock action and fine blued steel barrels with excellent bores. The finely checkered walnut stock has seen lots of use and suffered some loss of finish and small bruises. It's also been fitted with a 'NOKICK' recoil pad. Includes the original Charles Boswell fitted case with trade label. This is in very poor condition. The overall condition of the gun is good. #16533, Licence Required.	\$ 1,200	\$ 1,600
267	<b>STOEGER CONDOR OUTBACK U/O SHOTGUN: 12GAUGE;</b> A reliable O/U shotgun with a robust design and good performance. 20-inch nickel/black barrels with VG bores and rifle-type sights. Improved cylinder and modified chokes with 3-inch chambers. This gun presents almost like new. It is in excellent working order and condition. #J269210-11. Licence Required.	\$ 300	\$ 500
267a	<b>FINE COGSWELL &amp; HARRISON DOUBLE RIFLE: 375FL2.5IN;</b> The .375 Flanged Nitro Express (NE) 2.5-inch is a classic British rimmed cartridge designed by Cogswell & Harrison for double rifles. The 25-inch blued barrels of this double retain virtually all of their original finish. Both bores are in very good condition. Express sights: rear 100 yard standing, 200 & 300 yard folding leaf. London Proof marks show 375 EX, CORDITE 40-270 MAX. Action has 'Cogswell & Harrison Ltd' on both sides. The breech-face has inset strikers. Mechanically very sound with little wear evident. The splinter checkered forend with mulled boarders is in VG condition. Buttstock is excellent with only one small dent above the rear sling eye. The checkered pistol grip has mulled boarders. The butt is fitted with a Pachmayr recoil pad. This is an excellent safari-grade double in its original carry case with the previous owner's initials (EJD) on the lid. Two reloading dies and a shell holder are included. #43203. Licence Required.	\$ 11,500	\$ 13,000

269	<b>WINCHESTER 1897 PUMP-ACTION SHOTGUN: 12GAUGE;</b> This evolved from the Model 1893 and was built for smokeless powder and stronger cartridges, featuring a solid action and side ejection. Over a million were made from 1897 to 1958. This gun was made in 1922 and is in fair condition with most of its finish worn off, surface pitting and many small and some medium bruises on the buttstock. 505mm barrel looks to have been shortened and the front sight is non-standard. Side of the barrel is marked with Winchester address and Patent details, 12GA and FULL. The bore is actually in VG condition. Overall in fair condition and good working order. #710032. Licence Required.	\$ 900	\$ 1,200
270	<b>FN BROWNING A5 SEMI-AUTO SHOTGUN: 12GAUGE;</b> The famous A5 was designed by John M. Browning in 1898, patented in 1900 and continually produced for nearly 100 years. This particular gun was manufactured in Belgium in 1926 as still looks remarkably good for its age. Most of the bluing is intact although fading or missing in places. The bore of the 740mm barrel is very good. Stock is in very good condition with a few scattered bruises on the butt and a nicely checkered pistol grip. This gun features a magazine cut-off, bolt release and push-button safety catch. Magazine capacity is 5. Overall a great example of a famous gun in VGC and working order. #474205. Licence Required.	\$ 600	\$ 700

271	<b>REMINGTON 870 PUMP-ACTION SHOTGUN: 12GAUGE;</b> Very good 5-shot pump-action shotgun with only minor wear to the metal finish. The 20 inch barrel has an excellent bore and the synthetic stock is hardly marked. In VGC and working order. #V198735V. Licence Required.	\$ 500	\$ 700

Produced from 1934 to 1938, it is estimated that only a 1000 were made by Fabrica de Armas in Mexico. This pistol closely resembles the US1911A1 Government Model and is in near mint condition with an excellent bore. It has a 7-round magazine that is interchangeable with the US1911. This is a very rare and desirable pistol. #A400 Licence Required.	\$ 4,000	\$ 6,000
335	<b>WESTERN AUSTRALIAN STAMPED WEBLEY MKIV REVOLVER WITH HOLSTER: 455CAL;</b> Webley made fewer Mark V revolvers than any other and they are among the rarest in standard form. The British adopted the Mk V in December 1913. 20,000 were delivered from 1914-15. This one is the standard-issue form with a 4-inch barrel and typical bird's-head wooden grip. It features an excellent bore and has a lovely patina overall with two 'WA' over 'broad arrow' stamps on the RHS indicating Western Australian usage. There are a couple of miniscule marks on the grip and the metal finish shows only minor wear. Comes with its open-top service pattern holster marked "D B G Pty Ltd AUSTRALIA". A very fine example. #117012	\$ 800	\$ 1,100
336	<b>ENFIELD NO.2 MK1 D/A REVOLVER WITH HOLSTER: 38CAL;</b> This great example was made in 1939 and has a superb bore and excellent metal finish. Missing its lanyard ring but otherwise an excellent pistol complete with a webbing armoured corps holster and brass cleaning rod. #G2345. Licence Required.	\$ 600	\$ 800
337	<b>RUSSIAN NAGANT MODEL 1895 S/A REVOLVER: 7.62X38R;</b> Made in Russia in 1898? (the arsenal mark and date have been mostly removed). This has a seven round	\$ 400	\$ 600

	capacity and a 4.5-inch barrel with a good bore. Good checkered wooden grip plates. Blued frame with loss of finish to the cylinder. These revolvers were made in single action and double action until 1918. This one is single action. In good condition despite its obvious service wear. Famous for their gas-seal operation. #22424 Licence Required.		
338	<b>WW1 SMITH &amp; WESSON .455 MKII SECOND MODEL D/A REVOLVER WITH HOLSTER &amp; PROVENANCE: 455CAL;</b> This beautiful handgun once belonged to Major Vivian N. Kidd of the 8th Duke Of Wellington's (West Riding) Regiment. He saw action on Gallipoli and in France and died in 1917. Wounded once, he was awarded the Military Cross and Mentioned In Despatches twice. His revolver is in excellent condition with very little loss of finish to both metal and wooden grips. The 6.5-inch barrel has a superb bore. Complete with its leather service holster in good condition. A very noteworthy offering! #600188. Licence Required.	\$ 1,100	\$ 1,600
339	<b>COLT NEW SERVICE REVOLVER WITH HOLSTER &amp; OWNER'S NAME: 455CAL;</b> Well worn revolver with a good bore. Part broken off the bottom of the LHS grip and damage to the bottom off the RHS grip. More than half the original metal finish has worn off. Comes with a webbing holster (name provided) to a West Australian WW2 serviceman. Pistol is in fair condition and good working order. #78761. Licence Required.	\$ 600	\$ 900
340	<b>SMITH &amp; WESSON MODEL 29 REVOLVER: 44MAG;</b> Very nice example of an iconic revolver. 95 per cent of the factory blued finish is intact. Both wood grips are in VGC. Its 8.25-inch barrel has an excellent bore and appears to have done little work. This revolver is in very good-excellent condition overall. Comes with a speed loader. Bid strongly and make my day! #ACJ0055. Licence Required.	\$ 700	\$ 900
341	<b>SMITH &amp; WESSON VICTORY MODEL REVOLVER: 38CAL;</b> Produced primarily for the US Navy, these were made from 1942-44. This revolver was one of many supplied to British and Commonwealth forces under the Lend-Lease Program. Unlike their .38 Special US counterparts they were chambered for the British .38/200 round. This well used example is in good condition with some minor chips and bruises to the wooden grips and wear to the Parkerised finish. The 5-inch barrel has a good bore and the lanyard ring is intact. Overall in good condition and working order despite some wear. #442927. Licence Required.	\$ 500	\$ 700
342	<b>"UNFIRED" ENFIELD MKVI REVOLVER: 455CAL;</b> There is so little wear evident on this 6-shot revolver that one could say it's in 'unfired' condition. Certainly its 6-inch barrel shows no signs of wear. The same cannot be said of the hammer which has a broken firing pin. This probably explains its unfired look! Spare hammer anyone? #4094. Licence Required.	\$ 500	\$ 700
343	<b>WEBLEY &amp; SCOTT MKIV REVOLVER &amp; HOLSTER: 22LR;</b> Excellent 6-shot pistol with very little wear apparent, and only near the muzzle and on the cylinder where the wedge engages. The 6-inch barrel has a 'minty' bore and the entire gun is in excellent condition overall. Comes with a period leather holster which is too small and only in fair condition. #B16978. licence Required.	\$ 600	\$ 900
344	<b>ULTRA RARE WEBLEY FOSBERY SEMI-AUTO LONG BARREL REVOLVER (LOW SERIAL) :</b> 455CAL; First produced in 1901, the Webley-Fosbery was invented by Col. George Fosbery VC. Fosbery was a career military officer and fan of firearm technology. Around 4,200 of these revolvers were made and although never formally adopted many were privately purchased by British officers. This example is in good-very good condition overall with the metal finish and checkered wooden grips showing typical service wear. Most of these guns had 6-inch barrels but this has the much rarer 7.5-inch barrel which also happens to have a superb bore. A very rare offering with a very early serial number. #134. Licence Required.	\$ 9,000	\$ 12,000
345	<b>RAAF ENGRAVED COLT 1892 D/A REVOLVER: 38CAL;</b> Also known as the Colt Model 1892 New Army and Navy, it was the first double-action revolver with a swing-out cylinder adopted by the U.S. military. This pistol was presented to L H Greenhill of the RAAF by his wife, mother and sister as engraved on the LHS of the action. Chambered for the .38 Long Colt round it has a 6-inch barrel with a very good bore. The original	\$ 700	\$ 900

	gutta percha grips are in excellent condition. The blued metal finish is worn and consistent with service wear but overall it is in good condition and functions well. These were only made until 1907. A slice of history for the collector. #73515. Licence Required.		
346	<b>CASED TRANTER NO.1 BRASS-FRAME REVOLVER: 230RF;</b> This is a very nice 7-shot revolver with a 2.5-inch octagonal barrel and good bore. The Tranter 'football' trade mark is on the left side of the frame at the breech. The gun retains most of the original finish and the engraved brass frame looks lovely. The walnut grips are in VG condition. Cylinder lock-up is tight and the action functional. Comes housed in a period, burled walnut case with dark blue baize lining. The lid has a blank shield-shaped escutcheon. #1487. Licence Required.	\$ 500	\$ 700
347	<b>1925 DATED ENFIELD MK.VI REVOLVER &amp; HOLSTER: 455CAL;</b> 1925 dated pistol with 6-inch barrel, break-open frame with automatic ejecting fluted cylinder, double-action mechanism and chequered, dark brown, hard-rubber grips. Much of the original military finish remains. The bore is excellent and the revolver is in VG condition and working order. A WW1 1915 Pattern (AUST) leather holster is included. It is stamped "Lt W Morrison" on the holster flap. #A1526. Licence Required.	\$ 700	\$ 900

Worn original blacked Military finish to receiver and magazine. Finish on barrel is VG. Excellent, possibly repro stock and buttplate with very few marks. Bolt & receiver have matching numbers. Note: barrel band is from a No.4 rifle. Flash hider utilises a small grub screw from underneath to keep it in place. LHS of receiver has been drilled and tapped in two places for a scope mount. Complete with period web sling. In VG working order and condition. #T5195. Licence Required.	\$ 1,200	\$ 1,600
370	<b>1941 LITHGOW NO.1 MKIII* B/A RIFLE: 303BRIT;</b> Completed in 1942, this is a very good mid-war example that was FTR'd at Lithgow in 1951 and later refitted with a 1955 dated Heavy barrel with a VG bore. A reinforcing screw & nut replaces the original threaded rod in the fore end. The coachwood furniture has a few minor bruises on the front handguard and buttstock but the fore end is very good indeed. Bolt, receiver and nose cap are matching. Overall in VGC and working order. #C15620. Licence Required.	\$ 600	\$ 900

372	<b>W J GALLYON RIFLE N/L : 360 NO.5 ROOK:</b> 25.5 inch half round barrel with very good bore. 3-leaf Express sights have been moved from above the cap of the fore end to 2.75 inches from the breech block. finely engraved on the lock and side plate. W. J. Galyon 66 Bridge St. Cambridge engraved to top of barrel near the breech. Lovely checkered walnut stock in good order with few blemishes. Scallop removed from LHS of butt to accommodate the firer's cheek - probably done to order. Very attractive patina to all metal parts with little wear evident. Sling eyes to barrel and butt stock. Snider action in good order though some small damage noticeable on the face of the hammer. Small cracks on fore end cap both sides. All in all a very nice Rook rifle. No Licence but check your State laws.	\$ 900	\$ 1,400
373	<b>J. LAWSON RIFLE N/L: 360 NO.5 ROOK;</b> Very nice little rifle made by James Lawson, 70 Argyle St, Glasgow. Although better known for his shotguns he produced some gems like this. Built on a small martini action it has a 26.5 inch flat topped round barrel with a bright shiny bore that does show wear. Walnut 2-piece stock has fine checkering and some minor bruising and handling marks. Fixed and flip-up two-leaf rear sight, nicely engraved flat on barrel with fine bead front sight. Finish has mostly worn off metal parts and cocking indicator shows the rifle was left cocked for a long time. The action works fine though and has a safety catch. Overall this is a nice rifle in gwo and condition. No Licence Required.	\$ 900	\$ 1,400
374	<b>EDDYSTONE P14 B/A RIFLE: 303BRIT;</b> 5 shot internal magazine, 25.2-inch barrel with good but slightly dirty bore. Non-matching bolt with slightly bent extractor, metal work shows typical service wear. Both hand guards appear original to the rifle and are in fair-good order with several bruises and dents. The M17 fore end has some dents and a small crack behind the cocking piece but is in good overall condition. Due to the longer M17 magazine opening there is a 2mm gap in front of the P14 magazine floorplate. Number on buttplate does not match rifle. #ERA378019. Licence Required.	\$ 600	\$ 800
375	<b>ORIGINAL 1945 LONG BRANCH C NO.7 MK 1* B/A RIFLE IN CHEST: 22RIMFIRE;</b> Canadian production of these rifles commenced in 1944 and continued into the early 1950s. These rifles were renowned for their excellent finish and this example is a testament to that. No.7 rifles were also made by BSA in England but they were conversions as opposed to new-made weapons. This single shot rifle has a superb bore and the walnut stock is in excellent condition overall despite a few 'storage' bruises. It is fitted with a CR/C2 aperture sight with elevation and windage adjustment. The magazine has a special loading platform and is stamped "22" on the LHS. There are two small scratches nearby. The charger bridge has taken a minor bump on its RHS. The barrel has no bayonet lugs. Comes with its wooden transit chest which is in good condition. In excellent working order and cond. This is a tremendous offering. #N8. Licence Required.	\$ 4,500	\$ 5,000
376	<b>'ALL MATCHING NUMBERS' 1916 LITHGOW NO.1 MK3 SMLE B/A RIFLE: 303BRIT;</b> 25.2 inch 1951 dated barrel in fair-good condition. 10 round box magazine. This 1916 dated rifle was overhauled at Lithgow in 1951 and the woodwork, barrel, magazine, rear sight and nose cap were all replaced and numbered to match the receiver. The original bolt has had its cocking piece replaced too. Gap between fore end and butt socket suggests the draws may need attention. Bolt head catch is loose and its screw needs tightening. Wood work is in fair-good condition with a number of typical dents and scratches. WW2 period web sling included. Overall in fair-good condition and wo. These 'all-matching numbers' Lithgow SMLEs are becoming scarce as they fast disappear into collector's hands. #57568. Licence Required.	\$ 700	\$ 1,000
377	<b>ROF ENFIELD NO.4 MK1 B/A RIFLE: 303BRIT;</b> 25.2 inch barrel in good condition. 10 round box magazine. Singer type rear sight. Stock in good condition with some small bruises and scratches. 378	<b>1942 LITHGOW NO.1 MK3 SMLE B/A RIFLE WITH RAWSON PEEP SIGHT: 303BRIT;</b> 25.2 inch 1943 dated barrel has a very good bore. It's not numbered to the rifle and is	\$ 700	\$ 1,000

	not a heavy barrel although fitted with a RAWSON target aperture sight with adjustable peep. Fitting the sight plate does not appear to have required removal of wood from the fore end. The Coachwood stock is original to the rifle and the fore end is numbered accordingly. Matching numbers on the bolt, receiver and fore end. Nose cap and rear sight leaf are not numbered. Apart from a nasty gouge below the bolt head and some lesser gouges on the front handguard, the wood work is in very good condition. Overall in very good working order and condition. A fine example of a Lithgow wartime SMLE. #E24664. Licence Required.		
379	<b>RUSSIAN MOSIN NAGANT 1891/30 7.62X54RMM;</b> Approx. 29 inch barrel with 1943 date and Izhevsk factory stamp. Bore is very good. 452	<b>WW2 GERMAN REICH 'XX' DAGGER &amp; SCABBARD;</b> M33 dagger made by C.G.Haenel in Suhl, complete with scabbard. The dagger features nickel silver cross guards, black wooden grip with sharp edges. The nickel silver eagle and roundel are nicely inlaid. The steel blade is in good condition. The front of the blade is etched with the motto "Alles für Deutschland". The back is etched with the Haenel logo and "C.G.Haenel Suhl Waffen-u.Fahrrad-Fabrik". The steel scabbard has nickel silver fittings and all four screws in place but has lost its original paint finish and has some minor surface corrosion present. The dagger is in good-VG condition whilst the scabbard is fair. Collector's Licence Required.	\$ 7,000	\$ 10,000
453	<b>ULTRA RARE WW2 GERMAN 'XX' REICH HONOR DAGGER, SCABBARD &amp; HANGER;</b> Rare Heinrich Himmler 'Honor' Dagger made by Kolumbuswerk, Eduard Becker in Solingen. These were awarded to the officers and men who participated in the overthrow of Ernst Rohm in the historic 'Night of the Long Knives.' Other recipients included generals chosen to be so honoured by Himmler. An estimated 2,500 of these daggers were produced. This dagger features all matching early nickel-silver fittings for the upper and lower crossguards and scabbard mounts. The black ebony grip displays a few light blemishes but the button is undamaged as is the inlaid nickel-silver eagle. The dedication 'In Herzlicher Kameradschaft H. Himmler' is beautifully etched and clear. The blade exhibits strong cross grains and the wear that's present is from the insertion and withdrawal of the blade into the scabbard. The obverse presents the motto 'Meine Ehre Heisst Treue'. The black anodized scabbard bears some wear marks throughout but remains dent free. With original worn hanger. Overall, quite a nice example. Collector's Licence Required.	\$ 16,000	\$ 22,000

584	<b>PAIR OF J. G. ANSCHUTZ PRACTICE SINGLE B/A RIFLES (NO BOLTS): 4MMLONG</b> ; These single-shot training rifles were styled after the K98 service rifle and chambered for the tiny 4mm Long cartridge intended for use at indoor ranges. The receiver ring is marked with the JGA crest. The left side of the barrels are marked with the maker's name & location: "J-G-A Germaniawaffenwerk AG Zella-Mehlis/Thur." The barrels and receivers are serial numbered to match while the bolts have been lost. It is interesting to note that the 4mm bore only extends about 10.5-inches forward of the chamber with the balance of the barrel bored out to a much larger diameter. Overall condition is very good with the metal retaining most of the original bright blue finish. There are some handling marks but no significant wear. The stocks are in very good condition. These were manufactured in the 1930s. These are very rare here in Australia. #12902 & XXXXX. Licence Required.	\$ 200	\$ 300
